## March 2022

Good Day Shedders,

Here's hoping that everyone is keeping fit and well, and for those who are not, I send my best wishes for a speedy recovery.

As you were all aware our Shed was closed for a couple of days to have solar panels installed, which have now been done successfully. Also we were closed, as a precaution, for one day extra because of a member contacted covid.

I have lately been in contact with Winslow Infrastructure, who is involved in the Sunbury Upgrade project. They have offered us timber from the trees, which are going to be removed for the project, and they will be storing them for us. I would like to thank Ian Lupson for the contact from Rotary in Sunbury for their support. More information to follow on this subject.

Only a small number of members are attending the shed, with everyone being a little cautious with covid and some are still on holidays, now that we are allowed OUT.

It was, with much delight, to see Wilko back at the Shed, for just a little while, with many thanks to Peter for picking him up, and we are going to have a working bee at Wilko's, on 10<sup>th</sup> May, if anyone is willing to attend, please get in touch with Rod Jackson.

Just a reminder that our Garage Sale at the Shed is on 30<sup>th</sup> April. Please make sure you have your items for sale arranged with prices on them. Also please make sure your areas are nice and clean with no rubbish lying around, as this could cause trip hazards.

If anyone needs any help in any way, please do not hesitate to contact myself or any of the Committee Members.

"IF YOU NEVER HAVE A GO YOU WILL NEVER EVER KNOW"

Ted Riley

## Friday Lunches

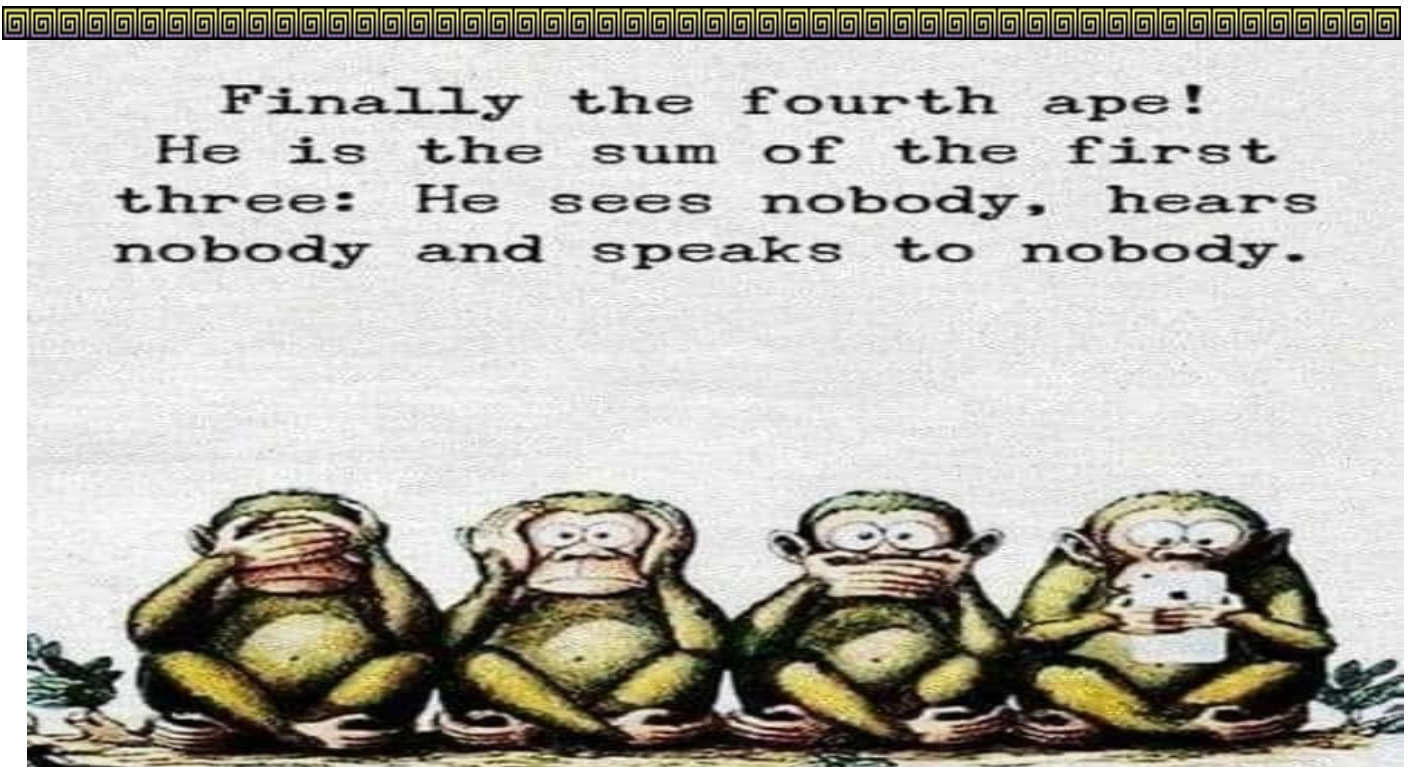

We are all hoping that Friday lunches recommence in the shed. We need volunteers for the following,

4 people per week to cook and serve the meals and clean up

People to volunteer to cook meals and bring to shed - costs will be reimbursed

Unless we get sufficient volunteers we are unable to restart the Friday lunches.

Please let Albert know if you can assist.

Finally the fourth ape!  
He is the sum of the first  
three: He sees nobody, hears  
nobody and speaks to nobody.

Why does a chicken coop have two doors ?

If it had 4 doors it would be a chicken sedan

As you get older three things happen.

The first is your memory goes,

I can't remember the other two.

**Using Shed Material and Equipment for personal use? Don't forget to make a donation**

In the 1980s, A&W tried to compete with the McDonald's Quarter Pounder by selling a 1/3 pound burger at a lower cost. The product failed, because most customers thought the 1/4 pound was bigger.

This is why I don't argue online.

ELECTRICAL ITEMS • JEWELLERY • BICYCLES  
CLOTHES • WOODEN FURNITURE • TOYS • ETC

Do you have a broken item you want to fix, but don't know how?

**Toss it? No way! REPAIR IT!**

Our volunteer repairers will help repair, or teach you how to repair, your broken item, saving it from landfill.

Enjoy a free cuppa at the same time!
