Making friends, making a difference — together

SHEDDERS NEWS

Australia Post

*The seminars are conducted by
MH Key Consultants*

12 members enjoyed the seminar sponsored by Australia Post.

Lynette and Joan facilitated the session which developed an awareness of the diversity of emotions in others, plus better understand yourself and your impact on others.

We also gained knowledge about the emotional well-being we experience from social engagement and how to increase both listening and communication skills.

Next seminar is Understanding Anxiety & Depression which will be held at the shed on Friday 15th June at 1pm

President Report

March 2022

Good Day Shedders,

The months are just passing us by, but I hope that are all fit and well and keeping safe.

We have had a busy month:

We had a Sausage Sizzle at Bunnings on ANZAC day, with a huge big thank you for the helpers that turned up on the Day. Just a gentle reminder that we need more volunteers for our Sausage Sizzles in the future. If you have never volunteered for a sizzle, please think about doing so, we have plenty of fun and laughter on the day, and it is our best fund raiser that the Shed has throughout the year

We also had our Garage Sale, which was a huge success with lots of items sold on the day and before and after. Thank you Albert for always following up on our sale sites and making us a lot of money. It is very much appreciated.

A big thankyou also to the guys who did a working bee at Peter Wilkinson's this month, as he recovers from a stint in hospital. We send him our very best wishes for a speedy recovery and hope he feels better soon.

We have also had another couple of sickies and we wish them all a speedy recovery and hope that they are back at the Shed very soon.

The tree removal from Sunbury Bulla Road has begun, and a big thankyou to Winslow Infrastructure for storing this wood for us until we are ready to use.

Several of us attended a workshop at the Shed Wednesday 11th May for Emotional Safety in a Shared Environment, which was sponsored by Australia Post. It was very informative and we learned a lot.

It's been brought to my attention, that some guys are blowing sawdust off wood with compressed air. Please note that this is a safety hazard and must not be carried out. Also, please remember to clean your area before leaving, so it's safe and tidy for the next person. Remember we are all there for the same reason, to have fun, but to keep safe at all times.

Anyone having any problems and need to talk, please do not hesitate to contact, either myself or any committee member.

Learn to take great Photos

Are you interested in learning to take great photos.

You will learn the fundamentals of a camera.

Once you become familiar with your camera we will take a trip somewhere and take some great photos. On return we will place them into Photoshop and edit them like the ones below.

By using 4 photos in “Lightroom” and “Photoshop” you will come up with the great photo

This photo is what is called a HDR High Dynamic Range picture.

If you are interested in photography, let **Rod Jackson** know and he will arrange a few lessons and let the fun begin

If you never have a go you will never know

Wanted, men over the age of 60

To keep the braincells wired:

Paraprosdokians are figures of speech in which the latter part of a sentence or phrase is surprising or unexpected and is frequently humorous. Winston Churchill loved them. Hope you do too.

1. Where there's a will, I want to be in it.
2. The last thing I want to do is hurt you...but it's still on my list
3. Since light travels faster than sound, some people appear bright until you hear them speak.
4. If I agreed with you, we'd both be wrong.
5. We never really grow up – we only learn how to act in public.
6. War does not determine who's right, only who's left.
7. Knowledge is knowing a tomato is a fruit. Wisdom is not putting it in a fruit salad.
8. To steal ideas from one person is plagiarism. To steal from many is research.
9. I didn't say it was your fault; I said I was blaming you.
10. In filling out an application, where it says, "In case of emergency, notify..." I answered, "a doctor."
11. Women will never be equal to men until they can walk down the street with a bald head and a beer gut, and still think they're sexy.
12. You do not need a parachute to skydive. You only need a parachute to skydive more than once.
13. I used to be indecisive, but now I'm not so sure.
14. To be sure of hitting the target, shoot first and call whatever you hit the target.
15. Going to church doesn't make you a Christian; any more than standing in a garage makes you a car.
16. You're never too old to learn something stupid.
17. I'm supposed to respect my elders, but it's getting harder and harder for me to find any.

When you have finished using any machinery , please clean up after yourself
